Almost two of the three effective members, including the President, shall be auditors enrolled in the Register at the Ministry for Economics and Finances. Auditors remain in office for three financial years and their term of office shall expire at the date of the Steering Committee convened for the approval of the financial sheets related to the third financial year of the office. The first ones, if the Board will remain in office, remain in office until the current expiry date. The Steering Committee shall set the remuneration for the members and President of the Board at their appointment. Law provisions on the Board of Auditors in limited liability companies shall be applied, if applicable, to the Board of Auditors of the Foundation. Once appointed, the Board of Auditors performs the function of legally-required audit of accounts. The Steering Committee may assign the legally-required audit to an auditor or audit company enrolled in the Auditors' Register. In this case it's not necessary that the auditors are enrolled in the Register at the Ministry for Economics and Finances. The auditor not attending two meetings of the Board in a financial year with no adequate justification shall terminate his/her office and be replaced by the elder in age deputy until the next meeting of the Steering Committee, which will provide for the new appointment.

29.2 – The members of the Board of Auditors are invited to attend the meetings of the Steering Committee, the Board of Directors and the Executive Committee.

29.3 – The Board of Auditors gives its advice on the financial statements and, only in case there are observations, on the Three-years Program of activities.

32.4. Whenever all Founders would notice their intention to withdraw, even in different times, or all Founders would lack, the Board of Directors shall continue its activity until the date in which the Steering Committee will approve the financial statements of the current year. This Steering Committee is in charge for ascertaining the Foundation's dissolution, or deliberating, by the majorities required by article 17.2 of this Articles of Association, the admission of new co-Founders and the continuation of activities with them. A subsequent Steering Committee, urgently convened and consisting of the new co-Founders' representatives, will ratify the deliberation and ascertains the continuation of the Foundation's activities.

32.5 – The exclusion of a Founder, Institutional Participant or Participant is deliberated by the Steering Committee upon proposal of the Board of Directors and may be decided for serious violations of the obligations deriving from law, this Articles of Association and the Rules, for failure or loss of the requirements provided for the participation to the Foundation, as well as for the bankruptcy, interdiction, disqualification or for a sentence implying the even temporary interdiction from public offices. The bankruptcy declaration of a Founder, Institutional Participant or Participant is immediately effective to the aims of the exclusion. The Founder, Institutional Participant or Participant incurring in one of the cases providing for the exclusion may be immediately suspended from the Foundation's activities, by deliberation of the President of the Board of Directors, who shall contextually convene the Steering Committee in order to deliberate to this concern, unless concluding the ongoing projects under the direction and supervision of the Foundation's bodies. The exclusion is effective thirty days after the date

on which the Committee's deliberation is communicated to the excluded Founder, Institutional Participant or Participant; the Board of Directors shall send this notice by registered letter with acknowledgement of receipt or Certified Mail within ten days from the deliberation. The Founder, Institutional Participant or Participant may submit a claim to the Court against the deliberation of exclusion within the term of 30 days from the communication.

TITLE XII DISSOLUTION AND LIQUIDATION

ARTICLE 33

33.1 – In case of dissolution of the Foundation at any time and for any reason, the Steering Committee deliberates on the liquidation procedures and appoints one or more liquidators, setting their powers and remuneration.

In case an out-of-court settlement should not be possible, the jurisdiction is assigned by now to the Court of Lecce.

ARTICLE 35

35.1 – The Civil Code and current laws on Foundations, integrated by the provisions on companies, shall be applied for all not provided for in this Articles of Association, only if applicable.
