

Disclaimer: Please note that only the Italian version of the present call for applications issued with Rector's Decree No. 215/2017 is legally binding, the English version is provided for information only. The original Italian version is available at <http://www.unive.it/dottorati> > Accesso

Call for applications for admission to the 33rd cycle of PhD programmes (A.Y. 2017/2018)

The call is issued with Rector's Decree No. 215 of March, 17th 2017

Application deadline: April, 27th 2017 at 1.00 pm (Italian Time)

Art. 1 - Purpose of the call and general regulations

1. This call for applications, published on the Ca' Foscari website at <http://www.unive.it/phd-degrees> > Admission, regulates access to the 33rd cycle of PhD programmes of the Ca' Foscari University of Venice, (a. y. 2017/2018). Amendments or additions to the call for applications will be published on the same website.
2. Annex "A" represents an integral part of this call for applications.
3. Online submission of the application form as set forth in the Art. 6 implies the acceptance by the candidate of regulations contained in this call for applications.
4. Ca' Foscari University of Venice will deliver all communications concerning this competitive selection process to candidates by email. The email used will be the one specified by the candidate during registration on the website (Art. 6, paragraph 2).
5. Candidates are strongly recommended to submit early applications and not to wait until the last minute. The University shall not be held responsible for any dysfunction due to technical problems and/or overloading of lines of communication and/or of the OS, for the loss of communications due to incorrect email address details or candidates' failures to communicate changes of e-mail address, nor for any other problems or delays caused by third parties, unexpected occurrences or unforeseeable circumstances.
6. Failure to comply with the rules contained in this call for applications will result in exclusion from the competition.

Art. 2 - Call for application and admission criteria

1. Ca' Foscari University of Venice announces the 33rd cycle of the following PhD Programmes for a.y. 2017/2018:
 1. Law, Market and Person,
 2. Economics,
 3. Management,
 4. Philosophy and Educational Sciences in partnership with Université Paris 1 Panthéon-Sorbonne, France (International PhD Programme)
 5. Computer Science in partnership with Masarykova Univerzita, Czech Republic (International PhD Programme) and in partnership with Julia Srl and Microtec Srl (Collaborative PhD Programme),
 6. Italian Studies,
 7. Modern Languages, Cultures and Societies and Linguistics in partnership with Fondazione San Camillo - Institute for Scientific Hospitalization and Care, IRCCS (Collaborative PhD Programme),
 8. Science and Management of Climate Change in partnership with the Euro-Mediterranean Centre on Climate Change (CMCC) and with National Institute of Oceanography and Experimental Geophysics (OGS),
 9. Environmental Sciences in partnership with Schmack Biogas Srl and with Società Estense Servizi Ambientali (S.E.S.A.) SpA (Collaborative PhD Programme),
 10. Ancient Heritage Studies in partnership with the University of Trieste and the University of Udine (Inter-University PhD Programme),
 11. History of the Arts in partnership with State Institute for Art Studies of the Ministry of Culture of the Russian Federation (International PhD Programme)
 12. PhD in Asian and African Studies.

2. The PhD programmes will be activating *sub conditione* to the accreditation provided by the Ministry of Education, University and Research according to Presidential Decree No.45/2013.
3. Candidates will be admitted to PhD programmes after passing a selection process (evaluation of academic qualifications, written and/or oral examination) according to the conditions indicated in Annex "A", which defines, for each of the above mentioned PhD programmes listed in paragraph 1: research topics, number of available places, admission requirements and candidate selection criteria used to produce the classification list.
4. Schedule of examinations (to be held approximately from mid-May to second half of June 2017), composition of Admissions Committees, and dates for the announcement of the final shortlist results will be available on the University website at <http://www.unive.it/phd-degrees> > Admission on **Wednesday May, 3rd 2017**. The online announcement of the aforementioned schedule will be considered as the only notice of convocation to the examination venue, if required. Candidates are invited to attend the examination venue, without further notice, on the day and time advertised, showing a valid identity document.
5. In case of an oral examination, the option of a video conferencing interview via Skype is available. Candidates intending to participate in a video conferencing interview must request this option when compiling the Application Form described in Art. 6, specifying their Skype address, which will be used by the Admissions Committee to carry out the video call. The candidate must be available at that address, on the day and at the time established by the Admissions Committee. Before the beginning of the interview, candidates must show the ID uploaded with their application for the purpose of identification; failure to do so will result in exclusion from the selection process. Failure to do any of the following: communicate personal Skype address, be online, be available on the day or at the time established or show a valid ID are all reasons leading to exclusion from the selection process. These reasons for exclusion do not apply if the candidate attends the examination venue on the day established for the interview, presenting valid ID, in order to take the test "face to face".
6. The number of available places may be increased by means of subsequent funds, being understood that the deadline for applications remains unchanged.
7. The courses will last no less than 3 years and follow the academic calendar approved by the University. The PhD Programmes will start by mid September 2017 and will by rule conclude before September 2020, except for the PhD programmes in Economics and Science and Management of Climate Change, that last for 4 years. Enrolment on a PhD Programme requires a total and full time commitment, and any incompatibility with other PhD students' activities will be evaluated by the Teaching Board of the single PhD programmes.
8. The teaching and research activities involved in inter-university national and international programmes will be organised in coordination by the partner universities. The PhD qualification will be jointly awarded by national partners and awarded as a double degree by international partners.

Art. 3 - Admission requirements

1. All candidates possessing any of the following requirements can submit their application:
 - "*Laurea Specialistica*" or "*laurea magistrale*" (*the second cycle degree achievable in Italy since 1999 after completing five years (or more) of university studies*);
 - an Italian degree obtained before the system introduced by Ministerial Decree No. 509 dated 3 November 1999 amended by means of Ministerial Decree No. 270 dated 22 October 2004 (*Laurea vecchio ordinamento*);
 - second-level university qualifications granted by AFAM institutions (Alta Formazione Artistica e Musicale, "Advanced Artistic and Musical Training");
 - a Master's degree qualification obtained abroad – comparable in terms of duration, level and discipline field to the Italian qualification granting admission to the PhD Programme – and recognised as suitable for admission to selection process in accordance with Art. 4 below.
2. For each PhD Programme, the forms in Annex "A" specify the type of academic qualifications required for admission to the selection process and any further necessary requirement.
3. If provided in the Annex "A" forms, the equivalence of the Italian degree obtained before Ministerial Decree 509/1999 (*Laurea vecchio ordinamento*) with the degree classifications of the "*Laurea magistrale*" (second cycle qualification) must be self-certified by the candidate according to Presidential Decree No. 445 dated 28 December 2000, No. 445 as amended by Art. 15, paragraph 1 of Italian Law No. 183 dated 12 November 2011. Equivalence cannot be self-certified by candidates if there is no univocal correspondence between the two degrees; being the case, candidates must request equivalence from the University that issued the degree in compliance with Ministerial Decree dated 9 July 2009.

4. The Ministerial Decree dated July, 9th 2009 establishes correspondence between degree classifications for the "*Laurea specialistica*" (second cycle degree) set out by Ministerial Decree 509/99 and degree classifications for the "*Laurea magistrale*" (second cycle degree) set out by Ministerial Decree 270/04.
5. **Graduating students** may also apply within the deadline laid down in Art. 6 below, provided they obtain their degree **by July, 31st 2017**. Graduating candidates must communicate the date on which they are awarded this qualification to the Post Lauream Office by the abovementioned deadline via email to postlauream@unive.it, submitting a Personal Declaration of Certification if they are Italian or EU citizens with Italian degree. Candidates with qualifications obtained abroad must send a copy of the diploma or *Diploma supplement* or specific certification confirming completion of studies. Candidates failing to communicate attainment of the said qualification by this deadline or transmitting incomplete or incorrect communications, or using different means or email address from the aforementioned will be excluded from the process.
6. Candidates are required to have certified **English proficiency at least B2 level** - under the Common European Framework of Reference for Languages (CEFR) - at the time of enrolment, except for the possibility of acquiring it subsequently, but no later than December, 31st 2017, otherwise they will be excluded from the PhD programme. In order to certify their proficiency candidates must attach their certificates to their online application (for a list of certificates recognised by the University along with cases of exemption please check the University website at <http://www.unive.it/pag/7750>).
7. No applications will be accepted from candidates already enrolled in other PhD programmes held by Ca' Foscari University or by partner Institutions in the case of inter-university national and international programmes.

Art. 4 - International qualifications

1. The suitability of the foreign qualification is verified by the Admissions Committee according to regulations current in Italy and in the Country where the qualification itself has been awarded, and respecting the international agreements concerning the recognition of qualifications for further education.
2. Candidates with qualifications obtained abroad are admitted to the selection process conditionally. If selected, they must provide the *Diploma supplement* or, if the qualification had been obtained outside the European Union, a copy of the diploma, translated and made legal in Italian or English language, together with Declaration of Value ("*Dichiarazione di valore in loco*") (*The Declaration of Value is an official document issued by the Italian Embassy in the country in which the qualification was issued*). Should the Statement of Validity or other documents submitted by the candidate show that the qualification is not valid for enrolment on an academic programme at PhD level in the Country where the certification has been issued, the candidate will be excluded from the PhD programme and will be required to return the scholarship he/she may have received.

Art. 5 - Assessed qualifications

1. Candidates must present the following mandatory qualifications for admission to all the PhD Programmes of the current call:
 - *Curriculum vitae et studiorum* (preferably in European format);
 - PhD research proposal: information on how to draft proposals is available for some PhD programmes on the University website at <http://www.unive.it/phd-degrees> > Admission. Candidate can submit only one research proposal;
 - Thesis abstract of the academic qualification granting admission to the PhD Programme (about 10,000 characters spaces included);
 - Certificate of passed exams with grades (Italian and European Community citizens are merely required to submit a Personal Declaration of Certification under the Presidential Decree No. 445 dated 28 December 2000, No. 445 as amended by Art. 15 paragraph 1 of Italian Law No. 183 dated 12 November 2011);
 - One Reference letter from university lecturers, researchers or other specialists in the field. It is possible to present a maximum of two letters.
2. Annex "A" forms contain details of additional optional qualifications for each PhD programme.
3. Qualifications must be attached to the online application form according to the procedure in Art. 6 below.

Art. 6 - Application form

1. The application form must be submitted to PhD Office **by 1.00 pm (Italian time) on Thursday April, 27th 2017** according to the online procedure described in paragraph 2 below; failure to do so will result in exclusion from the selection process. This online procedure is available on the University website at <http://www.unive.it/phd-degrees> > How to apply online.
2. The procedure involves two stages, each of which obligatory to participate in the selection process:
 - a. Registration on the University website, at the end of which you will be given a username and password; if you already have log-in credentials giving you access to the Personal Area (for example, if you are a Ca' Foscari alumnus), you can skip this stage. Selected candidates will need these credentials to accept their place as described in Art. 11 below;
 - b. compilation of the application form by entering the link for each PhD programme (<http://www.unive.it/phd-degrees> > How to apply online).
3. At the conclusion of the procedure, candidates will receive a confirmation email containing a unique code assigned to each application and confirming that it has been correctly submitted.
4. Qualifications and publications, as described in the Art. 5 and in the Annex "A" forms, must be submitted in PDF format (maximum file size is 10 MB) and uploaded only during the compilation of the online application form. Candidates may add, cancel or modify the documents after the completion of the on-line application form described in section 2 above, provided they do so before the deadline of the application process. It is compulsory to attach a copy of a valid identity document.
5. As far as reference letters are concerned, candidates must ask lecturers/specialists to submit the letter by means of an online procedure. To enable this procedure, when compiling their application, candidates must enter the email addresses of the lecturers/specialists concerned who will receive an email with instructions explaining how to upload their letters. Candidates will receive an email informing them that the letter has been uploaded although these letters will be viewed only by the PhD Office and the Admissions Committee. Lecturers/specialists must upload their letters by the application deadline. The application of the candidate will be considered valid only if at least a reference letter will be present.
6. Candidates who intend to participate in several PhD Programmes will have to present separate application forms, enclosing the necessary documents for each of PhD Programme. Candidates who intend to participate in PhD Programmes with curricula, can apply for only one curriculum.
7. All documents in the previous paragraph 4 must be written in Italian or English, or translated into Italian or English by and under the responsibility of the candidates.
8. With the exception of access qualifications described in Art. 3, paragraph 5 above, all qualifications must be obtained by the application deadline.
9. In the case of places reserved to scholarship holders of foreign states, candidates must prove that they are in possession of a scholarship by July, 31st 2017. For this reason they must attach to their application a specific declaration.
10. In the case of places reserved to employees of the Companies, who carry out highly specialised activities (Collaborative PhD Programme), the candidates must attach to their application a specific declaration.
11. Incomplete applications or applications lacking the compulsory qualifications described in Art. 5 above will not be considered.
12. The University will check the validity of all applications after the submission deadline. Candidates who submitted invalid applications will be excluded from the selection process and informed by email.
13. Under the Presidential Decree No. 445 dated 28 December 2000 as subsequently amended, Italian and EU citizens only need to submit a Declaration of Certification concerning the following statuses and personal facts, certified by Public Administrations, required by this Call for Applications and by Annex "A":
 - a) inclusion on registers or lists kept by Public Administrations;
 - b) membership of professional associations;
 - c) qualification, examinations passed;
 - d) professional qualification, specialisation, licence, training, refresher course or technical qualification;
 - e) student status.

The Declaration of Certification must be duly signed.
14. Candidates with disabilities intending to use the support provided under Italian Law No. 104 dated 5 February 1992 must present their request during the online application, indicating the type of support required.

15. Candidates will be admitted to the selection process with the proviso that admission requirements are met; the verification procedure will be carried out in compliance with Art. 43 of Presidential Decree No. 445 dated 28 December 2000, n. 445. The University reserves the right to exclude candidates from the selection process at any time. The University will also verify the truthfulness of Personal Declarations of Certification submitted by candidates: anyone submitting false declarations will be punishable under the Italian Penal Code and all applicable laws.

Art. 7 - Admissions Committees

1. The Admissions Committees are composed of at least three members; the membership must be an uneven number, Chair included.
2. The Admissions Committees can be supplemented with up to two experts, chosen from public or private research Institutions in the case of externally funded scholarships. The Committee may also avail itself of the support of non-voting consultants for the assessment of specific disciplines.
3. Committees establish the assessment criteria and weighting of qualifications and examinations prior to the examination process, with regard to any aspects not covered by the Annex "A" forms.
4. For PhD Programme with more curricula, there will be only one Admission Committee and will be possible separate tests for each curriculum.

Art. 8 - Final shortlist

1. Eligible candidates will be admitted to each PhD Programme according to the shortlist until all available places are filled.
2. The final shortlist is unique for PhD Programme with more curricula and the activation of the individual curriculum depends on the position in the ranking of the candidates who are applying for that curriculum.
3. Admission to each PhD Programme will be exclusively established by the online shortlists published on the University website <http://www.unive.it/phd-degrees> > Admission, according to the terms laid down in the online announcement described in Art. 2, paragraph 4. Candidates admitted will not receive personal communications.
4. PhD scholarships – described in Art. 9 – will be allocated according to the shortlist, regardless of candidates' citizenship. In case of equally ranked candidates, scholarship allocation will take into account the candidate's household income (calculated according to the criteria set out in the current legislation governing access to higher education).
5. Places without PhD scholarships are assigned to eligible candidates until all available places are filled. In case of equal ranking, priority will firstly be given to candidates with a disability of 66% or over, and then to the youngest candidate.
6. Candidates ranked in more than one shortlist must choose one PhD Programme only.
7. PhD scholarships awarded for specific topics will be assigned by the Admissions Committee on the basis of possible requirements described in Annex "A", of the affinity with the research topics of candidates' qualifications, their academic profile and the results of selection examinations – if required. The candidates admitted with PhD scholarship bound to a specific topic are required to develop the theme of the research indicated by the scholarship during the course of their studies.
8. This shortlist may also be used for the allocation of research grant under current law.

Art. 9 - PhD scholarships

1. The PhD scholarship, which will be disbursed in monthly instalments, is €13,638.47 per year (including social insurance contributions payable by the scholarship holder). The PhD scholarship is exempt from local tax and income tax (IRPEF).
2. The PhD scholarship is renewable on an annual basis for the entire duration of the programme on the condition that the holder completed the programme of activities provided from year to year, verified by the Teaching Board.
3. The PhD scholarship may be increased by up to 50% for a period of up to 18 months in case of a study period abroad authorised by the Teaching Board.
4. From the second year onwards, all PhD students with PhD scholarship are entitled to a budget for research activities in Italy and abroad, for an amount equal to at least 10% of the PhD scholarship.
5. PhD scholarship cannot be combined with either research grants or other scholarships assigned for any reason whatsoever, with the exception of those granted by national or foreign institutions to integrate research or study periods abroad.
6. Candidates who received either full or partial PhD scholarship in the past may not reapply.

Art. 10 - Regional scholarships for access to higher education

1. Students admitted to PhD programmes who do not hold the PhD scholarship described in Art. 9 above and who meet the requirements relative to household income laid down by current law, may apply for scholarships in compliance with the regulations laid down by the Call for Applications for Regional Scholarships for a. y. 2017/2018, which will be published in July 2017.

Art. 11 - Accepting the place and enrolment

1. Successful candidates within three working days of the date of publication of the shortlist on the University website (see online announcement described in Art. 2, paragraph 4) must, due to withdrawal:
 - a) complete the online enrolment procedure;
 - b) pay the tax stamp and the regional tax for financial aid (*tuition fees*).
2. To fill out the enrolment online form, successful candidates must access their Personal Area of the website with the username and password assigned at the end of the registration process in Art. 6, paragraph 2 (or with their log-in credentials giving if they are Ca' Foscari alumni) by clicking on: Enrolment > Enrolment to closed number courses. Information regarding documentation to be enclosed at this stage can be found on the University web site at: <http://www.unive.it/phd-degrees> > Admission > Enrolment

At the end of the enrolment form, the candidate will display the "Payments" (please note that you can only pay by credit card Visa or Master Card).

3. To accept the place successful candidates must pay their tuition fees, and complete the pre-enrolment process described in the paragraphs above; failure to do so will result in exclusion from the PhD Programme.
4. The enrolment procedure will be completed by the administration offices within seven working days. Each successful candidate will receive an email with an enrolment reminder containing the access credentials (student identification number and password) for the university website and IT services.
5. In the case of candidates with qualifications obtained outside the Italy, matriculation will be managed by the Welcome Unit of the International Office. The Welcome Unit will furthermore provide support to successful candidates with non-Italian citizenship, for activities such as obtaining an entry visa, a residence permit, the codice fiscale (Tax code), the registration for INPS (welfare services), and general welcome to the university.
6. If candidate is scholarship holder of foreign state, he/she must communicate his/her status to the Post Lauream Office by July, 31st 2017 via email to postlauream@unive.it, submitting a funding body's certification.
7. Candidates intending to withdraw must do so within three working days of the date of publication of the shortlist on the University website by sending an email to postlauream@unive.it. Candidates failing to send a communication of intent to withdraw within three working days will be considered to have withdrawn in any case.
8. It is not possible under any circumstances to receive a refund of the regional tax and stamp duty previously paid.
9. Candidates cannot be enrolled in other PhD Programmes or other university courses held in other universities or research institutions, either in Italy or abroad, at the same time, with the exception of the International PhD Programmes and co-tutorship agreement (co-tutela). If already enrolled in a university programme, candidates must suspend their studies, if provided for under current law, for the entire duration of the PhD Programme, following the procedure established by the University where they first enrolled.

Art. 12 - Replacement (vacant places)

1. For each PhD Programme, the list of remaining available places to be assigned to eligible candidates, as well as the deadlines for submitting the replacement application and for the possible enrolment, will be published with a warning on the University website on the following page www.unive.it/phd-degrees > Admission > Enrolment. The date of publication of these lists and of these deadlines will be indicated at the bottom of each shortlist. The online publication of this calendar serves as an official notification.
2. Candidates deemed eligible but not initially admitted and who wish to accept one of the places now made available are required to submit the replacement application via email to postlauream@unive.it within the deadline indicated in the above comma. The application must be completed in full and be sent along with a valid identity document. Candidates who do not send their application within the foreseen deadline will be considered to have irrevocably renounced the place.
3. Those who have submitted the replacement application by the deadline will be allocated places according to their ranking.

The candidates with rights to the position will be exclusively told by email and must regularize their position through the completion of online enrolment forms and the fee payment owed within three working days of the date of communication, with the same process indicated in article 11, comma 1.

4. In any case, after the vacant places are filled by the substitutes, if more places with scholarship become available, for subsequent waivers, the assignment of this post will proceed according to the ranking online, independently of the presentation of replacement applications.

Art. 13 - Tuition fees

1. The amount for university fees in the a. y. 2017/2018 includes:

- a) tax stamp of € 16.00;
- b) the regional tax for financial aid, which will be established by the Regione Veneto.

2. All PhD students are only required to pay tax stamp and the regional tax for financial aid.

PhD students in the following categories are exempt from the regional tax for financial aid, which will be reimbursed:

- PhD students who are beneficiaries of regional scholarships or eligible for such scholarships;
- PhD students with scholarships from the Italian Ministry of Foreign Affairs (after the first year, exemption is conditional upon renewal of the scholarship by the Ministry).

3. The amount of the regional tax for financial aid may be further reduced on the basis of the student's financial condition. Student fees will be calculated on the basis of the ISEE declaration including all reductions available to each student. Information regarding how to access fee reductions and relative deadlines and for presenting the ISEE form can be found at the Ca' Foscari University website: <http://www.unive.it/phd-degrees> > Admission > Tuition fees.

Art. 14 - International PhD Programme e Collaborative PhD Programme

1. Following specific agreements with some foreign universities, international programmes that provide objectives, joint research programmes, mobility with the institute partner and the issue of a Double Degree are activated in the framework of some PhD programmes (see article 2, paragraph 1). In the Annex "A" forms, the places with PhD scholarship associated with these programmes are specified.
2. Following specific agreements with companies, in the Annex "A" forms places are reserved for employees carrying out highly specialised activities (Collaborative PhD Programme). The formative programme will be constructed in accordance with the company and with the Teaching Board of the PhD programme involved, and will include both attendance of university programmes and implementation of a research activity. The PhD student will be guided by two supervisors, one academic and one from the company. The employees will be admitted to the PhD programme only after passing the selection process.

Art. 15 - Integrated Professional Master's Programmes (*in Italian: 'Master universitari di secondo livello'*) – PhDs in Management and in Science and Management of Climate Change

1. PhD students enrolled in PhD programmes in Management and in Science and Management of Climate Change will be awarded a Professional Master's Programme (*in Italian 'Master universitario di secondo livello'*): Master of Research in Management Studies and Master of Research in Science and Management of Climate Change, in accordance with the Regulations concerning Professional Master's Programme and Lifelong Learning activities.
2. The Professional Master's Programme has the same teaching activities of the first year of the PhD Programme; Master involves the acquisition of at least 60 ECTS, equivalent to a total of minimum 1500 hours of study, including at least 300 hours of teaching activities (lessons, workshops, etc), at least 250 hours of practical training period (*in Italian "tirocinio"*) (10 ECTS) and a specific final examination.
3. Students wishing to be admitted to these Professional Master's Programme must follow the procedures laid down for this Call for Applications.
4. All PhD students completing their studies and obtaining their PhD degrees will be automatically awarded the qualification of second-level Master.
5. After successfully passing the annual test, PhD students deciding to withdraw from the PhD Programme or continuing their PhD studies and asking for their qualification to be awarded in advance may, with the approval of the Teaching Board, be granted a Professional Master's Programme after completing at least 250 hours of practical training period (*in Italian "tirocinio"*) (10 ECTS) and passing a specific final examination.

Art. 16 - Privacy of personal information and right to access

1. The University undertakes to use the personal information supplied by candidates to carry out the selection process and for institutional purposes in accordance with Legislative Decree No. 196 dated 30 June 2003 ("Personal Information Protection Code").
2. Under the principles of the above law, by participating in the selection process, candidates are giving their tacit consent to the publication of their personal details and information relative to the selection process on the University website.
3. All selection process records are public. Under Law No. 241 dated 7 August 1990, Presidential Decree No. 184 dated 12 April 2006 and the relative University Regulations, anyone with a legally relevant interest in exercising their right to access said records may do so prior to the 60th day after the date of their approval.

Art. 17 - Reference regulations and offices responsible

1. For all matters not provided for by this Call for Applications reference should be made to Italian legislation governing PhD Programmes and to the current regulations of the University, the following in particular: "*Regolamento generale di Ateneo*", "*Regolamento didattico di Ateneo*", "*Regolamento dei Dottorati di ricerca di Ateneo*", "*Regolamento Carriere degli Studenti*" and "*Regolamento di Ateneo in materia di brevetti*" ("General Regulations of the University", "Teaching Regulations of the University", "Regulations of the University PhD Programme", "Regulations of the student's careers" and "University Regulations concerning Patents").
2. Further information on this Call for Applications can be found at <http://www.unive.it/phd-degrees> > Admission or requested from the PhD Office by calling the following number +39 041 234 7329, from Monday to Friday, and from 10.00 am to 12.00 pm and/or by email to phd.application@unive.it.
3. For more information on accepting place offers and enrolment, described in Art. 11 and Art. 12 above, contact the Post Lauream Office by email to postlauream@unive.it.

Venice, March, 17th 2017

1 - PHD IN LAW, MARKET AND PERSON

Research topics

Private law; Person law; European contract law; Consumer law; Business and company law; European commercial contract law; Economic law and financial markets; Competition and market law; Sources of European law; Labour contracts; EU and comparative labour law; Public and constitutional law; Comparative, private and public law; EU law; International private and public law.

Admission requirements

- *Laurea specialistica* (second cycle/Master's degree) in one of the following subject areas: 22/S Law; 64/S Economic sciences; 84/S Managements studies; 102/S Theory and techniques of legal texts;
- or *Laurea magistrale* (second cycle/Master's degree) in one of the following subject areas: LMG/01 Jurisprudence; LM-56 Economics; LM-77 Business and economic sciences;
- or degree obtained under the Italian university system in force prior to the Ministerial Decree no. 509/1999, harmonised under the Ministerial Decree dated 9 July 2009.
- or Master's degree qualification obtained abroad, comparable in terms of duration, level and discipline field to the Italian qualification granting admission to the PhD Programme

The admissions qualification must be obtained no more than 5 years before the date of the issue of the call.

Places available

MIUR/University scholarships 1 entirely funded and 1 co-funded by the Department of Economics	7
Other scholarships Topic-specific "Scholarship dr. Anna Maria Chiap" funded by "Patriarcato di Venezia" and concerning: "Agro-energy, protecting the environment and the individual". This topic should be developed also in terms of economic analysis of law . The scholarship was created to "help worthy young people in need of financial aid" in particular residents of the Municipality of Caneva (PN) according to the terms of dr. Chiap's last will and testament. To be eligible for a scholarship candidates must, at the time of application: 1) be no more than 27 years of age; 2) hold the required degree with a minimum mark of 106/110; 3) be unemployed and have no income, please submit an ISEE form (Indicatore della Situazione Economica Equivalente – means-tested declaration) of the family annual income of no more than 50000.00 Euro (please attach a self-certification as per law DPR 445/2000); 4) agree to not be regularly employed and to study Catholic social teaching in the course of the PhD, should they be awarded the scholarship. Should more than one applicant have the same point score, preference will be given to the applicant who lives in the Municipality of Caneva (PN) or in surrounding municipalities.	1
Total number of places available	8

Admissions procedure

Written test and assessment of qualifications.

Language/s

Candidates are required to have certified English proficiency at least B2 level - under the Common European Framework of Reference for Languages (CEFR) - at the time of enrolment, except for the possibility of acquiring it subsequently, by no later than December 31st, 2017, otherwise they will be excluded from the PhD Programme (see art. 3, paragraph 6 of the call).

Qualifications eligible for assessment

Required qualifications (described in Art. 5 of the Call for Applications)

Optional qualifications

- Scientific: publications on subjects pertinent to the PhD research topics;
- Other qualifications: certified research experience at a University or research institution; prizes or merit certificates; specialist master's courses; attendance of postgraduate courses, also in languages; postgraduate scholarships for research. All qualifications must be into fields pertinent to the PhD programme.

Test and/or qualification assessment criteria

The Committee may assign up to 100 points as follows:

- Written test: 65
- Qualifications: 35

Minimum admission score: 60/100

Admission test subjects

Written test: includes various outlines on arguments pertinent to the PhD programme, including that covered in the topic-specific scholarship. Candidates will write an essay based on an outline of their choice.

Further information

All PhD students with PhD scholarship must carry out a period of improvement at an international university or research institute for a minimum of 6 months, even if not continuous, according to the indications from the Teaching Board of the PhD programme.

2 - PHD IN ECONOMICS

ENGLISH-TAUGHT PROGRAMME - FOUR-YEAR DURATION

Research topics

Microeconomics, Macroeconomics, Economic Theory, Public Economics, Labour Economics, Health Economics, Economics of Ageing; Experimental Economics; Computational Economics, Regional Economics, Econometrics, Bayesian Econometrics, Financial Econometrics, Finance, Financial Economics, Quantitative Finance, Mathematical Economics, Economic Statistics.

Admission requirements

- *Laurea specialistica/magistrale* (second cycle/Master's degree);
- or degree obtained under the Italian university system in force prior to the Ministerial Decree no. 509/1999, harmonised under the Ministerial Decree dated 9 July 2009;
- or Master's degree qualification obtained abroad, comparable in terms of duration, level and discipline field to the Italian qualification granting admission to the PhD Programme

The admissions qualification must be obtained no more than 5 years before the date of the issue of the call.

Places available

MIUR/University scholarships of which 1 is co-funded by the Department of Economics (pending the outcomes of the Vinci Call 2017), bound to the topic of "Fintech: Technologie et Régulation Financière (Fintech: Technology and Financial Regulations)" and with the obligation for the winner to carry out a PhD in co-tutorship for the thesis with Université Paris 1 Panthéon-Sorbonne (France). Knowledge of French language is required and will be verified through the interview.	5
Places reserved to scholarship holders of foreign states	1
Total number of places available	6

Admissions procedure

Assessment of qualification and interview in English language (possibility of video conferencing interview as described in Art. 2, paragraph 5 of the Call for Applications).

Language/s

Candidates are required to have certified English proficiency at least B2 level - under the Common European Framework of Reference for Languages (CEFR) - at the time of enrolment, except for the possibility of acquiring it subsequently, by no later than December 31st, 2017, otherwise they will be excluded from the PhD Programme (see art. 3, paragraph 6 of the call).

Qualifications eligible for assessment

Required qualifications (described in Art. 5 of the Call for Applications)

Two reference letters are strongly recommended.

Optional qualifications

- Scientific publications, including book chapters and working papers;
- Other certification that candidates consider useful in support of their applications (score obtained in GRE*, GMAT, TOEFL or other standard tests; specialist master's or other postgraduate courses; statements of research experiences in other universities or research institutions; awards and certificates).

(*) The PhD Office receives GRE scores directly. Candidates taking GRE tests must enter the following code: **0881**. For more information on GRE tests, see <http://www.ets.org/gre>.

Test and/or qualification assessment criteria

The Committee may assign up to 100 points as follows:

- Qualifications: 75, [35 of which for the research proposal (minimum score for admission to interview 50/75)]
- Interview: 25.

Minimum admission score: 60/100

Interview subjects

Discussion in English language of research proposal, and of previous studies and training.

3 - PHD IN MANAGEMENT

ENGLISH-TAUGHT PROGRAMME

Research topics

Corporate and entrepreneurial theories: public, private and non profit company; Theories of credit and finance: financial function of companies and of bank and non-banking financial intermediaries; Accounting theories: national and international accounting principles; individual, group, civil and fiscal accounting, planning and control; Organization theories, Organization design, human resource management and competence analysis; Organizational economics and game theory; Business strategy and policy, marketing and economics and management of industrial sectors; Sustainability; Corporate governance and financial markets; Theories of innovation and entrepreneurship; Economic history; Organization and strategic choices of actors in the transport industry; Management of cultural production; Behavioural economics.

Admission requirements

- *Laurea specialistica/magistrale* (second cycle/Master's degree);
- or degree obtained under the Italian university system in force prior to the Ministerial Decree no. 509/1999, harmonised under the Ministerial Decree dated 9 July 2009;
- or Master's degree qualification obtained abroad, comparable in terms of duration, level and discipline field to the Italian qualification granting admission to the PhD Programme

Places available

MIUR/University scholarships of which - 1 co-funded by KONVERGENCE Srl and bound to the topic of "Digital disruption in the retail industry" - 1 funded by the Department of Management	6
Total number of places available	6

Admissions procedure

Assessment of qualification and interview in English language (possibility of video conferencing interview as described in Art. 2, paragraph 5 of the Call for Applications).

Language/s

Candidates are required to have certified English proficiency at least B2 level - under the Common European Framework of Reference for Languages (CEFR) - at the time of enrolment, except for the possibility of acquiring it subsequently, by no later than December 31st, 2017, otherwise they will be excluded from the PhD Programme (see art. 3, paragraph 6 of the call).

Qualifications eligible for assessment

Required qualifications (described in Art. 5 of the Call for Applications)

Optional qualifications

- Scientific publications including working papers;
- Other certification that candidates consider useful in support of their applications (score obtained in GRE*, GMAT, TOEFL or other standard tests; specialist master's or other postgraduate courses; statements of research experiences in other universities or research institutions; awards and certificates).

(*) The PhD Office receives GRE scores directly. Candidates taking GRE tests must enter the following code: **0881**. For more information on GRE tests, see <http://www.ets.org/gre>.

Test and/or qualification assessment criteria

The Committee may assign up to 100 points as follows:

- Qualifications: 75 (minimum score for admission to interview 50/75)
- Interview: 25

Minimum admission score: 60/100

Interview subjects

In-depth discussion of research proposal and future developments, and of previous studies and training, motivation for the study at the doctoral level with a full-time obligation, assessment of proficiency in the English language (advanced level).

Further information

PhD students obtaining at least 60 university credits (ECTS) and passing the specific test provided by the Teaching Board as described in Art. 15 of the Call for Applications will be awarded a *Master of Research in Management Studies*.

4 - PHD IN PHILOSOPHY AND EDUCATIONAL SCIENCES

INTERNATIONAL PhD PROGRAMME WITH UNIVERSITÉ PARIS I PANTHÉON – SORBONNE, FRANCE

CURRICULUM IN PHILOSOPHY – CURRICULUM IN EDUCATIONAL SCIENCE

Candidates may apply for only one curriculum in the PhD, as indicated in the art. 6, paragraph 6 of the call.

Research topics

Philosophy Curriculum: Theoretical Philosophy; Philosophical hermeneutics; Moral philosophy; Bioethics; History of Philosophy; History of Ancient Philosophy; History of Philosophy of the Renaissance; History of modern philosophy; History of contemporary philosophy; Philosophy of Religion; Political philosophy; Philosophy of language; Aesthetics; Philosophy of Science; Philosophy of the social sciences; Logics.

Educational Science Curriculum: General pedagogy; Cognitive sciences; Social pedagogy; Intercultural pedagogy; Labour pedagogy; Dynamic psychology; Methodology and general didactics; Technologies for education and didactics; Social psychology; Neuroscience; Special pedagogy; System assessment and educational research; Philosophy of education.

Admission requirements

- *Laurea specialistica/magistrale* (second cycle/Master's degree);
- or degree obtained under the Italian university system in force prior to the Ministerial Decree no. 509/1999, harmonised under the Ministerial Decree dated 9 July 2009;
- or second-level university qualifications granted by AFAM institutions (Alta Formazione Artistica e Musicale, "Advanced Artistic and Musical Training");
- or Master's degree qualification obtained abroad, comparable in terms of duration, level and discipline field to the Italian qualification granting admission to the PhD Programme

Places available

MIUR/University scholarships of which <ul style="list-style-type: none"> - 1 is bound to the research topic for the Philosophy curriculum in the framework of the International PhD Programme with Université Paris I Panthéon – Sorbonne (France), with the obligation that the winner carries out a mobility period at the partner university (with a duration between 6 and 18 months). Knowledge of French language is required at a basic level and will be verified through the interview - 1 co-funded by the Department of Philosophy and Cultural Heritage 	4
Total number of places available	4

Admissions procedure

Assessment of qualification and interview (possibility of video conferencing interview as described in Art. 2, paragraph 5 of the Call for Applications).

Language/s

Candidates are required to have certified English proficiency at least B2 level - under the Common European Framework of Reference for Languages (CEFR) - at the time of enrolment, except for the possibility of acquiring it subsequently, by no later than December 31st, 2017, otherwise they will be excluded from the PhD Programme (see art. 3, paragraph 6 of the call).

Qualifications eligible for assessment

Required qualifications (described in Art. 5 of the Call for Applications)

Optional qualifications

- Postgraduate diplomas;
- Postgraduate specialisation courses, attended either in Italy or abroad;
- Research activity carried out in private and/or public bodies under contracts, scholarships, research assignments, either in Italy or abroad;
- Publications.

Test and/or qualification assessment criteria

The Committee may assign up to 100 points as follows:

- Research proposal: 43
- Qualifications: 14 [minimum score for admission to interview (research proposal + qualifications) 28/57]
- Interview: 43

Minimum admission score: 60/100

Interview subjects

Admission test may be taken in Italian or English.

Discussion of scientific qualifications, research proposal and candidate's curriculum.

5 - PHD IN COMPUTER SCIENCE

INTERNATIONAL PhD PROGRAMME WITH MASARYKOVA UNIVERZITA, CZECH REPUBLIC

COLLABORATIVE PhD PROGRAMME WITH JULIA SRL E MICROTEC SRL

ENGLISH-TAUGHT PROGRAMME

Research topics

All topics related to the scientific/disciplinary area in question, regarding both theoretical foundations and applications. The research topics developed in the PhD programme focus on the following: Bioinformatics; Computer vision and pattern recognition; Computing systems and performance evaluation; Data and web mining; Databases; Distributed and parallel systems and algorithms; Formal methods of computer science; Foundation of programming languages; Cybersecurity; System and network security; Websecurity; Cryptography; Multimedia information systems; Human-Computer interaction; Programme analysis and verification; Web Technologies; Data Science.

Admission requirements

- *Laurea specialistica/magistrale* (second cycle/Master's degree);
- or degree obtained under the Italian university system in force prior to the Ministerial Decree no. 509/1999, harmonised under the Ministerial Decree dated 9 July 2009;
- or Master's degree qualification obtained abroad, comparable in terms of duration, level and discipline field to the Italian qualification granting admission to the PhD Programme

Places available

MIUR/University scholarships of which <ul style="list-style-type: none"> – 1 is bound to the topic of “Cyber security” in the framework of the International PhD Programme with the Masarykova Univerzita (Czech Republic), with the obligation that the winner carries out a mobility period at the partner university (with a duration between 12 and 18 months). In the absence of eligible candidates the scholarship will be free from this topic. – 1 co-funded by European Centre for Living Technology – ECLT and bound to the topic: "Game-theoretic models of learning and recognition" 	4
Other scholarships 1 funded by Microtec Srl and bound to the topic: “Deep learning techniques for wood-and-food scanning applications”	1
Places reserved to employees of the Companies, who carry out highly specialised activities (Collaborative PhD Programme) <ul style="list-style-type: none"> – 1 place reserved for an employee of Julia Srl as part of the following project: “Application of static analysis to industrial software” – 2 places reserved for employees at Microtec Srl as part of the following project: “New computer vision techniques applied to the sector of industrial scan” 	3
Places reserved to scholarship holders of foreign states: 1 reserved to scholarship holder of ZHAW, Zurich University of Applied Sciences – School of Engineering (Switzerland) More information about the Call ZHAW are available here	1
Total number of places available	9

Further financial aid in the form of research grants, could be made available on approval and financed by Innovative Training Network (ITN) Europea “Privacy, Security, and Trust in Critical Systems” regarding the following research topics: “Network Security tools for critical systems” – “Effective methods for early detection of cyber attacks in IOT”

Admissions procedure

Assessment of qualifications and interview (possibility of video conferencing interview as described in Art. 2, paragraph 5 of the Call for Applications).

Language/s

Candidates are required to have certified English proficiency at least B2 level - under the Common European Framework of Reference for Languages (CEFR) - at the time of enrolment, except for the possibility of acquiring it subsequently, by no later than December 31st, 2017, otherwise they will be excluded from the PhD Programme (see art. 3, paragraph 6 of the call).

Qualifications eligible for assessment

Required qualifications (described in Art. 5 of the Call for Applications)

Optional qualifications

- Scientific activity;
- Scientific publications;
- Postgraduate diplomas.

Test and/or qualification assessment criteria

The Committee may assign up to 100 points as follows:

- Qualifications: 70 (minimum score for admission to interview 50/70)
- Interview: 30

Minimum admission score: 60/100

Interview subjects

IT disciplines pertinent to the field of the candidate's research proposal.

6 - PHD IN ITALIAN STUDIES

Research topics

Editing, analysis and interpretation of literary texts from the Middle Ages to the contemporary period, either in Italian or by Italian authors who have written in Latin, Greek, Provençal, Old French, as well as in modern languages or dialects or jargons. Relationship between the Italian language, literature and culture, and the ancient and modern cultures and literatures, which have come into contact with the former. Vulgar versions and translation of texts especially to and from Latin. Issues in historical linguistics and the history of Italian linguistics, of Medieval Latin-based languages and Italian dialects and the description of varieties of Italo-Romance languages of the past and the present. Literary civilisation of north-eastern Italy. Perspectives of Italian literary criticism.

Admission requirements

- *Laurea specialistica/magistrale* (second cycle/Master's degree);
- or degree obtained under the Italian university system in force prior to the Ministerial Decree no. 509/1999, harmonised under the Ministerial Decree dated 9 July 2009;
- or second-level university qualifications granted by AFAM institutions (Alta Formazione Artistica e Musicale, "Advanced Artistic and Musical Training");
- or Master's degree qualification obtained abroad, comparable in terms of duration, level and discipline field to the Italian qualification granting admission to the PhD Programme

The admissions qualification must be obtained no more than 5 years before the date of the issue of the call.

Places available

MIUR/University scholarships of which 1 is co-funded by the MAEG Costruzioni Spa di Vazzola (TV) and bound to the topic: "Storytelling for businesses: the MAEG case. Theoretic planning, the artistic and literary presence of the bridge, the debate between cultures."	4
Other scholarships 1 funded by the Department of Humanities (project H2020 Erc Starting Grant n. 637533) and bound to the topic: "Bilingualism in Florentine and Tuscan Works (ca. 1260 - ca. 1416)" The project intends to study the circulation of texts in more than one linguistic version of Medieval Tuscan (ca. 1260 - 1416), excluding Vulgar versions of classics and with particular reference to Medieval texts that have been rendered in Vulgar versions and/or translated into Latin, and especially centred of self-translation or the re-translation into Latin of Vulgar texts.	1
Total number of places available	5

Admissions procedure

Assessment of qualification, assessment of proposal research and interview (possibility of video conferencing interview as described in Art. 2, paragraph 5 of the Call for Applications).

Language/s

Candidates are required to have certified English proficiency at least B2 level - under the Common European Framework of Reference for Languages (CEFR) - at the time of enrolment, except for the possibility of acquiring it subsequently, by no later than December 31st, 2017, otherwise they will be excluded from the PhD Programme (see art. 3, paragraph 6 of the call).

Qualifications eligible for assessment

Required qualifications (described in Art. 5 of the Call for Applications)

Optional qualifications

- Thesis or, in case of candidates gaining their degree by July, that part of the thesis that is available;
- Postgraduate scholarships;
- Attendance of postgraduate specialisation courses with a duration of at least six months;
- Scientific publications.

Test and/or qualification assessment criteria

The Committee may assign up to 100 points as follows:

- Qualifications and publications: 20
- Research proposal: 30 [minimum score for admission to interview (research proposal + qualifications) 30/50]
- Interview: 50

Minimum admission score: 60/100

Interview subjects

The thesis will be object of the interview (or, in case the candidate will gain their degree by July, that part of the thesis that is available) and the research proposal presented by the candidate; the candidate's aptitude for research and their capabilities in the discipline their project refers to will also be evaluated.

The admission test will be held in Italian.

7- PHD IN MODERN LANGUAGES, CULTURES AND SOCIETIES, AND LINGUISTICS

COLLABORATIVE PhD PROGRAMME WITH FONDAZIONE SAN CAMILLO - INSTITUTE FOR SCIENTIFIC HOSPITALIZATION AND CARE (IRCCS)

CURRICULUM IN MODERN LANGUAGES, CULTURES AND SOCIETIES – CURRICULUM IN LINGUISTICS

Candidates may apply for only one curriculum in the PhD, as indicated in the art. 6, paragraph 6 of the call.

Research topics

Modern Languages, Cultures and Societies Curriculum: the modern languages, literatures and cultures listed below; their stylistic, rhetorical, philological, historical and epistemological characteristics, analysed in terms of their context-bound specificities, as well as from a comparative perspective – that is, as a premise for communication between complex cultural systems:

- Anglo-American literatures and cultures
- English literature and culture
- Postcolonial literatures and cultures in English
- European French and Francophone literature and culture
- Ibero-American literatures and cultures
- Spanish, Catalan and Portuguese literatures and cultures from the Iberian Peninsula
- Lusophone literatures and cultures from Latin America and Africa
- German and Austrian literature and culture
- Literatures and cultures from the Slavic and Balkan area and relative to the following language areas: Albanian, Bulgarian, Czech, Croatian, Greek, Polish, Russian, Serbian and Slovenian
- Culture and literature of the Slavic and Balkan areas: Albanese, Bulgarian, Czech, Croatian, Greek, Polish, Russian, Serbian and Slovenian.

For the fields of the scientific-disciplinary sectors in areas listed above, comparative studies, novel studies, intercultural studies and *inter artes* studies will be available.

Linguistics Curriculum: Grammar theory; generative grammar; didactics of foreign languages, and of Italian as a foreign language.

Admission requirements

- *Laurea specialistica/magistrale* (second cycle/Master's degree);
- or degree obtained under the Italian university system in force prior to the Ministerial Decree no. 509/1999, harmonised under the Ministerial Decree dated 9 July 2009;
- or second-level university qualifications granted by AFAM institutions (Alta Formazione Artistica e Musicale, "Advanced Artistic and Musical Training");
- or Master's degree qualification obtained abroad, comparable in terms of duration, level and discipline field to the Italian qualification granting admission to the PhD Programme

Places available

MIUR/University scholarships of which 1 funded by the Department of Modern Languages, Cultures and Societies and Linguistics	4
Other scholarships 1 ITALS– Italian as a Foreign Language laboratory scholarship bound to the topic of "Teaching Italian in Russia and to Russians". Knowledge of Russian language (at university level) is required, as well as a training of language acquisition and of teaching specific for Italian (Professional Master's programme or Didactic Certificate between those requested by MIUR for the A23 competitive exam Italian Language for foreign learners).	1
Places reserved to employees of the Companies, who carry out highly specialised activities (Collaborative PhD Programme) 1 place reserved for an employee of Fondazione San Camillo – Institute for Scientific Hospitalization and Care (IRCCS) as part of the following project: "Cross- linguistic approaches to assessment and recovery in post-stroke aphasia: theory to therapy and back again".	1
Places reserved to scholarship holders of foreign states	2
Total number of places available	8

Admissions procedure

Assessment of qualifications and interview (possibility of video conferencing interview as described in Art. 2, paragraph 5 of the Call for Applications).

Language/s

Candidates are required to have certified English proficiency at least B2 level - under the Common European Framework of Reference for Languages (CEFR) - at the time of enrolment, except for the possibility of acquiring it subsequently, by no later than December 31st, 2017, otherwise they will be excluded from the PhD Programme (see art. 3, paragraph 6 of the call).

Only for candidates in Modern Languages, Cultures and Societies Curriculum: candidates are required to specify in the online application the knowledge of two languages chosen from the list below: Albanian; Bulgarian; Catalan; Czech; English; French; German; Modern Greek; Polish; Portuguese; Russian; Serbo-Croatian; Slovenian; Spanish.

Qualifications eligible for assessment

Required qualifications (described in Art. 5 of the Call for Applications)

Optional qualifications

- Scientific publications;
- Other degrees and academic qualifications obtained in Italy or abroad (specialist master's courses, postgraduate schools, postgraduate specialisation courses, PhDs);
- Research grants and postgraduate scholarships.

Test and/or qualification assessment criteria

The Committee may assign up to 100 points as follows:

- Required qualifications: 50
- Optional qualifications: 20 (minimum score for admission to interview: 40/70)
- Interview: 30

Minimum admission score: 60/100

Interview subjects

Only for candidates in Modern Languages, Cultures and Societies Curriculum: the interview (in Italian) involves a discussion of candidate's area of interest, research proposal and eventual scientific work submitted in addition to an assessment of proficiency in the two foreign languages chosen. International candidates will take their interview in a bridge language (English or Spanish) other than their mother tongue; their proficiency in Italian will also be assessed.

Only for candidates in Linguistics Curriculum: The interview (in Italian or English) involves a discussion of candidate's area of interest, research proposal and eventual scientific work submitted.

8 - PHD IN SCIENCE AND MANAGEMENT OF CLIMATE CHANGE

PHD PROGRAMME IN PARTNERSHIP WITH THE EURO-MEDITERRANEAN CENTRE ON CLIMATE CHANGE - CMCC AND THE NATIONAL INSTITUTE OF OCEANOGRAPHY AND EXPERIMENTAL GEOPHYSICS - OGS
ENGLISH-TAUGHT PROGRAMME - FOUR-YEAR DURATION

Research topics

Dynamics of climate variations and change; methods and techniques for the management of climate change and its impact; assessment of economic impact of climate change; cost-benefit analysis of mitigation and adaptation policies; other issues related to climate change and management of climate-change-related environmental and socio-economic processes.

Admission requirements

- *Laurea specialistica/magistrale* (second cycle/Master's degree);
- or degree obtained under the Italian university system in force prior to the Ministerial Decree no. 509/1999, harmonised under the Ministerial Decree dated 9 July 2009;
- or Master's degree qualification obtained abroad, comparable in terms of duration, level and discipline field to the Italian qualification granting admission to the PhD Programme

The admissions qualification must be obtained no more than 10 years before the date of the issue of the call.

Places available

MIUR/University scholarships	6
Other scholarships of which <ul style="list-style-type: none"> - 1 entirely funded and 1 co-funded by the Euro-Mediterranean Centre on Climate Change – CMCC - 1 funded by National Institute of Oceanography and Experimental Geophysics - OGS 	3
Total number of places available	9

Admissions procedure

Assessment of qualification and interview in English language (possibility of video conferencing interview as described in Art. 2, paragraph 5 of the Call for Applications, and only if seriously unable to take interview in presence).

Language/s

Candidates are required to have certified English proficiency at least B2 level - under the Common European Framework of Reference for Languages (CEFR) - at the time of enrolment, except for the possibility of acquiring it subsequently, by no later than December 31st, 2017, otherwise they will be excluded from the PhD Programme (see art. 3, paragraph 6 of the call).

Qualifications eligible for assessment

Required qualifications (described in Art. 5 of the Call for Applications)

Optional qualifications

- Pass score in the GRE General Test (Graduate Record Examinations). The PhD Office receives GRE scores directly. Candidates taking GRE tests must enter the following code: 0881. For more information on GRE tests, see <http://www.ets.org/gre>.
- Specialist master's or other postgraduate courses, including thesis title and abstract in English;
- Scientific publications with abstract in English;
- Research experience acquired at universities or research institutes;

Test and/or qualification assessment criteria

The Committee may assign up to 100 points as follows:

- Qualifications: 40
- Research proposal: 35 [minimum score for admission to interview (research proposal + qualifications) 50/75]
- Interview: 25

Minimum admission score: 60/100

Interview subjects

The interview, in English language, will involve a discussion of the candidate's research proposal and motivations, as well as evaluating skills acquired in subjects necessary for quantitative analysis and model generation such as mathematics and statistics. The interview will assess the candidate's competencies in foundation subjects as well as their motivation.

The research proposal will be submitted by the candidate during interview, with a maximum of 5 power point slides.

Further information

All PhD students must carry out a period of improvement at an international university or research institute.

PhD students acquiring at least 60 university credits (ECTS) and passing the specific tests provided by the Teaching Board as described in Art. 15 of the Call for Applications will be awarded a *Master of Research in Science and Management of Climate Change*.

9 - PHD IN ENVIRONMENTAL SCIENCES

COLLABORATIVE PhD PROGRAMME WITH SCHMACK BIOGAS SRL AND WITH SOCIETÀ ESTENSE SERVIZI AMBIENTALI (S.E.S.A.) SpA

Research topics

Biology; Ecology; Environmental chemistry; Dynamics of environmental processes; Environmental reclamation and technologies; Earth science; Territorial and resource management; Microbiology; Environmental biotechnology and biochemistry; Environmental physics.

Admission requirements

- *Laurea specialistica/magistrale* (second cycle/Master's degree);
- or degree obtained under the Italian university system in force prior to the Ministerial Decree no. 509/1999, harmonised under the Ministerial Decree dated 9 July 2009;
- or Master's degree qualification obtained abroad, comparable in terms of duration, level and discipline field to the Italian qualification granting admission to the PhD Programme

Places available

MIUR/University scholarships of which <ul style="list-style-type: none"> – 1 co-funded by ISMAR – CNR Institute of Marine Sciences of the National Research Council and bound to the topic of “Space-time variability of the biogeochemical characteristics of water masses in the western Mediterranean” – 1 co-funded by Edmund Mach foundation and bound to the topic of “Quality of honey in relation to vitality of bees in the context of the Alpine ecosystem” – 1 funded by Department of Environmental Sciences, Informatics and Statistics and bound to the topic of “Carbon recycle from secondary waste urban streams” 	5
Places reserved to employees of the Companies, who carry out highly specialised activities (Collaborative PhD Programme) <ul style="list-style-type: none"> – 1 place reserved for an employee of Schmack Biogas Srl in the framework of the following project: “Identification of weaknesses and optimization of a wide-application-range model for OFMSW (Organic Fraction Municipal Solid Waste) treatment and Energy recovery” – 1 place reserved for an employee of the Società Estense Servizi Ambientali (S.E.S.A.) Spa in the framework of the following project: “New interdisciplinary approaches for the quality evaluation of surface waters: the River Adige case” 	2
Total number of places available	7

Admissions procedure

Assessment of qualification and interview (possibility of video conferencing interview as described in Art. 2, paragraph 5 of the Call for Applications).

Language/s

Candidates are required to have certified English proficiency at least B2 level - under the Common European Framework of Reference for Languages (CEFR) - at the time of enrolment, except for the possibility of acquiring it subsequently, by no later than December 31st, 2017, otherwise they will be excluded from the PhD Programme (see art. 3, paragraph 6 of the call).

Qualifications eligible for assessment

Required qualifications (described in Art. 5 of the Call for Applications)

Optional qualifications

- Scientific activity;
- Scientific publications;
- Postgraduate diplomas.

Test and/or qualification assessment criteria

The Committee may assign up to 100 points as follows:

- Qualifications: 70 (minimum score for admission to interview 50/70)
- Interview: 30

Minimum admission score: 60/100

Interview subjects

The interview will cover the disciplinary areas of the research proposal and may include a discussion of the qualifications submitted by the candidate.

10- PHD IN ANCIENT HERITAGE STUDIES

PHD PROGRAMME IN PARTNERSHIP WITH UNIVERSITY OF TRIESTE AND UNIVERSITY OF UDINE

Research topics

Ancient world literature and philology (Greek language and literature; Latin language and literature; classical philology; papyrology; Greek and Latin palaeography; early Christian literature; medieval Latin literature); archaeology (prehistoric and protohistoric archaeology; ancient Near Eastern history of art and archaeology; Egyptology; classical archaeology; Etruscology and Italic archaeology; ancient topography; medieval and Christian archaeology); ancient history (Greek history and epigraphy; Roman history and Latin epigraphy; ancient Near Eastern history; Assyriology, numismatics; history of ancient historiography). Interdisciplinary topics: Linguistics; history of ancient philosophy; history of medieval philosophy; classical tradition; history of ancient Mediterranean religions; digital humanities.

Admission requirements

- *Laurea specialistica/magistrale* (second cycle/Master's degree) in one of the following subject areas: 2/S - Archaeology; 5/S - Library studies; 11/S - Conservation of scientific and industrial heritage; 12/S - Conservation and restoration of cultural heritage; 15/S - Philology and classical literature; 16/S - Modern philology; 17/S - Philosophy and history of science; 18/S - Theoretical, moral, political and aesthetic philosophy; 24/S - Computer Science for humanities; 40/S - Italian language and civilisation; 41/S-African and Asian languages and literature; 44/S - Linguistics; 72/S - Religion studies; 93/S - Ancient history; 94/S - Contemporary history; 95/S - History of art; 96/S - History of philosophy; 97/S - Medieval history; 98/S - Modern history; LM-2 - Archaeology; LM-5 - Library studies; LM-11 - Conservation and restoration of cultural heritage; LM-14 - Modern philology; LM-15 - Ancient philology, literature and history; LM-36 - Languages and literature of Africa and Asia; LM-39 - Linguistics; LM-43 - Information technology methods for the humanities; LM-64 - Religion; LM-78 - Philosophy; LM-84 - History; LM-89 - History of art; LMR/02 - Conservation and restoration of cultural heritage.
- or degree obtained under the Italian university system in force prior to the Ministerial Decree no. 509/1999, harmonised under the Ministerial Decree dated 9 July 2009;
- or Master's degree qualification obtained abroad, comparable in terms of duration, level and discipline field to the Italian qualification granting admission to the PhD Programme

The admissions qualification must be obtained no more than 10 years before the date of the issue of the call.

Places available

MIUR/University scholarships	
– 3 funded by Ca' Foscari University of Venice	
– 3 funded by University of Trieste	
– 3 funded by University of Udine	
Total number of places available	9

Admissions procedure

Written test, assessment of qualification, and interview (possibility of video conferencing interview as described in Art. 2, paragraph 5 of the Call for Applications).

Language/s

Candidates are required to have certified English proficiency at least B2 level - under the Common European Framework of Reference for Languages (CEFR) - at the time of enrolment, except for the possibility of acquiring it subsequently, by no later than December 31st, 2017, otherwise they will be excluded from the PhD Programme (see art. 3, paragraph 6 of the call).

Candidates are required to specify in the online application the knowledge of a second language of their choice, that will be tested during the interview. Candidates may not choose the language of their country of origin.

Qualifications eligible for assessment

Required qualifications (described in Art. 5 of the Call for Applications)

Optional qualifications

- Scientific publications;
- Postgraduate diplomas, Specialist Master's Programmes or SSIS (Post-Graduate Teacher Training College) diplomas;
- Scientific activities such as: participation in and management of archaeological excavations, organisation of laboratories; scholarly and publishing activities; collaborations with Museums and Cultural Heritage Bodies; presentations at conferences and seminars;
- Extracurricular learning activities;
- Teaching experience in secondary schools or universities;
- Extracurricular internships and placements;
- Foreign language certificates.

Test and/or qualification assessment criteria

The Committee may assign up to 100 points as follows:

- Written test: 35 (minimum score for admission to interview 24/35)

- Research proposal: 25
- Qualifications: 10
- Interview: 30

Minimum admission score: 60/100

Admission test subjects

Candidates will be required to translate and comment a text or to write a text of historical or archaeological nature, focussing on arguments relevant to the PhD research topics listed above.

The interview will include a discussion of the written test and the research proposal, which will be evaluated for pertinence to the areas of study of the PhD programme; it will also examine the candidates' previous learning and research experience as well as their language proficiency and general educational background.

International candidates may choose to be interviewed in English.

However, the official language of the PhD programme is Italian and knowledge of this language is a prerequisite for participation in learning activities.
