## Information about Switzerland and candidate associated countries

### ***Only for Principal Investigators whose Host Institutions are established in Switzerland:***

*After the negotiations (exploratory talks) were concluded, Switzerland is considered a country non-associated to Horizon Europe. As a result, host institutions in Switzerland are not eligible for funding. Exceptionally for this call and the Starting Grant 2021 call, as they were already closed before the end of the negotiations between the EU and Switzerland, successful applicants in Swiss host institutions can still be funded provided they move to a host institution in an eligible country.*

### ***Only for Principal Investigators whose Host Institutions are established in a candidate associated country:***

*As described in Annex 3 of the ERC Work Programme 2021, successful applicants based in a country in the process of associating to Horizon Europe will be treated as based in an associated country only if the relevant Horizon Europe association agreement applies by the time of the signature of the grant agreement.*

## Grantees by Panel

Total 313 grants

NB: The budget allocated to each Panel is in proportion to the requested budget of the proposals allocated to the Panel in order to **ensure similar success rate across all Panels**.

The difference in the number of funded PIs per Panel reflects the difference of submitted proposals to the Panel.
